3rd Annual On Farm Production Sale

'Amani Despersal'

27 February 2010

On behalf of the Burnett-Smith family and the staff here at Terraweena, we would like to welcome you to our 3rd Annual On Farm Production Sale.

It is with mixed sentiments that we present this year's draft to the marketplace - satisfaction, due to the high standard of ewes on offer at this sale, but also an element of sadness due to this being a dispersal sale. Difficulties that arise from half the partners living in Namibia has led to an entirely amicable agreement to disperse the Amani White Dorper Stud over two stages.

As in all dispersals, this offers an outstanding opportunity for breeders who can now acquire genetics that would otherwise be unavailable to the marketplace.

This particular genetic line comes directly from the bloodlines of Peet Cilliers who needs no introduction, already being recognised as one of South Africa's most noted breeders. Peet holds the current world record price for the sale of a stud ram. Although the animals on sale are all strictly Cilliers bloodlines, there is enough of a diversity on offer to appeal to all breeders. We have every confidence that these genetics will provide immeasurable benefit to your existing herds.

Thank you for your support of our sale, particularly those of you who are becoming regular attendees, customers and friends. We invite you to make a special note of the date of our second sale, Stage 2 on (21st September 2010). At this sale the yearling ewes and rams will be presented as a final clearance of the stud. These ewes and rams are mostly pure Cilliers bloodlines with a smaller number being the result of Cilliers ewes and Terraweena's top sires.

Good luck

with your purchasing and hope to see you again throughout the year.

## ANGUS BURNETT-SMITH

### CLASSIFYING.

All classifying for this draft was undertaken by Ron Van Derwe and was conducted under the Australian and South African standards.

## HELMSMAN SYSTEM SALE

This sale is run under the conditions of a Helmsmen system as well as being interfaced with auctionsplus. If you are not familiar with the terms and conditions of a Helmsman system please contact the agents (Landmark) for a full explanation.

### REGISTRATION

All animals purchased at this sale will have registrations completed and transferred at the request of the purchaser to all members of the association.

## DERMATOSPARAXIS

All ewes on

offer are guaranteed free of Dermatoparaxis.

## EWES ON OFFER

All ewes on offer have been joined to Amani 8089 "Figgi Figgi" (2009 National Reserve Junior Champion Ram). Whilst every effort has been made to ensure pregnancies, and whilst these ewes come with a breeding guarantee, they do not come with a pregnancy guarantee.

These ewes are presented here unscanned simply given that all resulting pregnancies are too young to observe.

## BRUCELLOSIS ACCREDITED

'Terraweena White Dopers' are a Brucellosis Accredited Flock.

## REBATE

A rebate of 2.5% is payable to outside agents who introduce a buyer in writing at least 24 hours prior to the sale or who accompany the buyer to the sale, and who settle within 7 days following the sale
